Frosted glass options

Frosted glass is often required for bathroom or toilets or entry doors. We offer a wide range of frosted glass options.

- For bathroom we generally suggest a very opaque frosting, e.g. “Satinato”
- For entry doors a lighter frosting is often used, e.g. “Cathedral large”

Please see below images of each frosting we offer shown in front of the LAROS logo shown on the right. These frosting types are all available for triple glazing (middle pane). For double glazing the choice is smaller as it is often required to use security glass and not all types are available as security glass.

We have samples of the below frosted glazing options in our showroom. Please let us know if you want to drop by and have a close look at the frosted glass options.

In this document we use price categories
$: less than $35/m2
$$: less than $115/m2
$$$: less than $180/m2
$$$$: less than $400/m2
$$$$$: less than $570/m2
